

Fast, energy-efficient cooking

Get quick, accurate cooking results with the Series 60 SpeedBurner gas hob. The burners are designed to directly heat the base of pots and pans. Saving up to 20% energy usage for boiling, frying or simmering.

Get quick, accurate cooking results with the Series 60 SpeedBurner gas hob. The burners are designed to directly heat the base of pots and pans. Saving up to 20% energy usage for boiling, frying or simmering.

Product Benefits & Features

SpeedBurner, for quicker cooking

Get cooking up to 20% faster with our SpeedBurners. Unlike conventional gas hobs, the SpeedBurners' flames send heat directly to the base of pots and pans, for quick heating and energy saving, too. Perfect for boiling, simmering, searing and frying.

Turn up the heat, with Powerful Wok

When you need an extra burst of heat, the Powerful Wok burner is on hand. Whether you're searing steaks or prawns, the higher temperature will help achieve tender, tasty results.

Cast Iron Grids, for the professional look

Strong Cast Iron Grids will give your hob a professional finish. The sturdy support will keep pots and pans flat, and their durable build will last for years.

Perfect Flame Regulation, for perfect temperature

The hob's responsive gas taps feature Perfect Flame Regulation. Giving you complete control over the temperature you want to cook your favourite dishes with.
