

Efficient touch controls

Efficient touch controls enable you to set the hob's heat level instantly, while its flat surface is easy to clean and integrates seamlessly with your work surfaces.

Product Benefits & Features

Precise touch control

The hob's clearly structured electronic touch controls react quickly and accurately – giving you total control over your heat sources.

Perfect safety

For complete peace of mind this hob has residual heat indicators to show when the hob is still hot.

Keep your gas hob looking good for longer with our easy clean features

From elegant Stainless Steel, to the refined appearance of Gas on Glass, our surfaces are not only great to look at but easy to clean. Our ultra-durable vitroc ceramic hobs also offer even greater resistance to both impact and heat with their low-profile, providing a premium finish to any kitchen.
