

#### Efficient heating, tasty results

Our 300 Convection oven heats up faster than the average oven. The fan distributes heat throughout the cavity, meaning your food cooks quickly and evenly. Now, you can bake perfectly uniform biscuits without having to turn them halfway through.

### Product Benefits & Features

#### Quick and effective, Even Cooking

Our Even Cooking system circulates heat throughout the oven, making sure everything is cooked evenly. All without the need to turn your dish. Our technology means your oven heats up faster saving you time and energy.

#### Easy cleaning with AquaClean

Cleaning after cooking doesn't need to be a chore - our oven cleans by harnessing the power of humidity. AquaClean evaporates the water at the bottom of the oven and steam loosens otherwise stubborn grease and residue left on its surfaces. So you can easily achieve a natural

#### Grill for golden results

From crisped bacon to bubbling mozzarella, get more out of your grill than ever before. Perfect for crispy chicken wings and melt in your mouth halloumi.

#### Oven Light for total visibility

Watch the top layer of your lasagne bubble and brown, the skin of your roast chicken crisp to perfection. With well-positioned lighting inside the oven, you know when your meals are at their most delicious. It shines a light on your great cooking.

#### Removable glass door for easy cleaning

Thanks to our removable glass door, there are no more barriers between you and a clean oven. The door, and the glasses inside, are simple to remove, making it easy to clean them separately. So you can reach every corner. Less time, less effort, less mess.
